Item 5. Committee Reports:

- a. Planning Board / CEO:** no report
- b. Recreation Committee:** no report
- c. Fire Department:** Spent last week-end training at Parkers Pond, 3 are going to the Fire Academy in March
- d. Road Commissioner:** the Board spoke to sanding when the temperature will be rising a consensus was taken that if the temperature will be raising then the trucks will not be going out to sand.
- e. Future Fire Station Committee:** Douglas Beck from the Dept. of Conservation came to speak about the Park at the Fire Station. There is 2 parts to the cost of moving the park monetary for land value needs to be equal or greater and the rec value needs to meet the same need or higher, example ballfield can be exchanged for a walking track. Impact is based on the yellow book value it is the Town's burden to meet the yellow book slanders. This process on the average can takes 3 yrs to complete. You can get permission to start before the process is done. The first place to start is with the bounders' of the park they are very ambiguous from 1973.
- f. Town Manager:** will be having crazy hrs. taking PTO time for the birth of grandchild in N.H. Will be present for public hearing, appointments, meeting deadlines for election. Staff has asked not to change out computer until back in the office . Camden Bank in Corinth and Milo will be closing in April will be meeting

with other banks to see what they have to offer now that I will need to travel to Bangor weekly if not more often.
